#### **PRODUCT DESCRIPTION**

The Kirameki Frying Pan is a traditional iron pan from Japan. Designed for professional chefs and prosumers, the Kira comes with a simple, no fuss design, 100% iron. The 1.6mm thickness ensures a sturdy flat surface when heated and more importantly provides an even heat mass. The super long steel handle design keeps a comfortable temperature in a high heat environment.

There is a thin layer of food grade silicon as a protective layer and will naturally dissolve during use.
